	<p>On a dark, silvery moonlit night, Sophie is snatched from her bed by a giant. Luckily it is the Big Friendly Giant, the BFG, who <i>only</i> eats snozzcumbers and glugs frobscottle. But there are other giants in Giant Country. Fifty foot brutes who gallop far and wide every night to find human beans to eat. Can Sophie and her friend the BFG stop them? Let's hope so - otherwise the next child a gruesome giant guzzles could be YOU.</p>	<p>Along with his new friends, a grumpy old albatross, a short-sighted mermaid, and a friendly island called Cliff, Oliver goes off in search of his missing parents. But before he can put his rescue plan into action there's the evil Stacey de Lacey and an army of greasy, green sea monkeys to contend with . . .</p>	<p>Elliot's mum is ill and his home is under threat, but a shooting star crashes to earth and changes his life forever. The star is Virgo - a young Zodiac goddess on a mission. But the pair accidentally release Thanatos, a wicked death daemon imprisoned beneath Stonehenge, and must then turn to the old Olympian gods for help. After centuries of cushy retirement on earth, are Zeus and his crew up to the task of saving the world - and solving Elliot's problems too?</p>	<p>Meet the Diamond Brothers, the world's most defective detectives, by the author of the number one bestselling Alex Rider series. When a dwarf comes into the office and leaves a package, Tim Diamond, the world's worst private-detective, is faced with his toughest case yet. The office is ransacked and the package is found to contain simply a box of Maltesers. Who was the dwarf ... and why was he murdered shortly after his visit?</p>	<p>Here, reader, is the tale of a tiny, sickly mouse with unusually large ears; a mouse who takes his fate into his own hands. It is the tale of a beautiful, flaxen-haired princess, who laughs often, and makes everything around her seem brighter. It is the tale of a poor, deaf serving girl, who entertains foolish dreams of splendour. It is a tale of impossible love, of bravery and old-fashioned courage. And, reader, it is a tale of treachery ...unlimited treachery. It is The Tale of Despereaux...</p>	<p>When robot Roz crash lands on an island, she's forced to fight for survival. The only way Roz can live is by learning about her new environment from the island's hostile animal inhabitants. But when she finds herself taking care of a baby goose, all the animals pitch in and teach Roz how to thrive in this new world.</p> <p>Heart-warming and full of action, Peter Brown's debut will raise thought-provoking questions about the role technology plays in society, how humans affect the world around us, and what it means to be alive.</p>
