## **Introduction**

This plan is drawn up in accordance with the planning duty in the Disability Discrimination Act 1995, as amended by the SEN and Disability Act 2001 (SENDA). It draws on the guidance set out in "Accessible Schools: Planning to increase access to schools for disabled pupils", issued by DfES in July 2002.

Summerville Primary School's building is well designed to meet the needs of disabled pupils:

- all classrooms are on the ground floor;
- use of these classrooms can be rotated to meet pupils' needs;
- all entrances from the main playground do not have a step;
- all side entrances have a small step;
- the front entrance has several steps however there is access into school through the Nature Base where there is a ramp;
- accessible toilets are present in the building

## **Definition of Disability**

Disability is defined by the Disability Discrimination Act 1995 (DDA):

"A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities".

## **Key Objective**

To reduce and eliminate barriers to access the curriculum and to full participation in the school community for pupils, prospective pupils and our adult users with a disability.

## **Principles**

1. Compliance with the DDA is consistent with the school's aims and equal opportunities policy, and the operation of the school's SEN policy;
2. The school recognises its duty under the DDA (as amended by the SENDA):
  - Not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services;

- Not to treat disabled pupils less favourably;
  - To take reasonable steps to avoid putting disabled pupils at a substantial disadvantage;
  - To publish an Accessibility Plan.
1. In performing their duties, governors and staff will have regard to the DRC Code of Practice (2002).
  2. The school recognises and values parents' knowledge of their child's disability and its effect on his/her ability to carry out normal activities, and respects the parents' and child's right to confidentiality.
  3. The school provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles; and endorses the key principles in the National Curriculum framework, which underpin the development of a more inclusive curriculum:
    - Setting suitable learning challenges;
    - Responding to pupils' diverse learning needs;
    - Overcoming potential barriers to learning and assessment for individual and groups of pupils.

### **Activity**

Summerville Primary School is aware of the following points:

#### **a) Delivery of the curriculum**

Staff receive training in making the curriculum accessible to all pupils, and are aware of its importance. We will continue to seek and follow the advice of LA services, and of appropriate health professionals.

#### **b) Physical environment**

The setting will take account of the needs of pupils and other users with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings.

#### **c) Provision of information in other formats**

The school is aware of local services, including those provided through the LA, for providing information in alternative formats when required or requested.

### **Linked Policies**

This Plan will contribute to the review and revision of related school policies, e.g.

- School Improvement Plan
- SEN policy
- Equal Opportunities policy
- Curriculum policies
- The Governing Body will review this plan every year.
