This is policy serves essentially two purposes:

1. To set out a school's overall commitment to equality and community cohesion in one central document for past, present and prospective pupils. The Policy therefore contains the school's approach to all relevant protected characteristics of: Disability, Gender, Gender reassignment, Pregnancy and maternity, Race, Religion or Belief, Sexual orientation.
2. How the school will manage, plan and include its Single Equality and Community Cohesion Policy within its day to day work.

Schools also have obligations as employers and a service provider against the protected characteristics of Age and Marriage and Civil partnerships. These obligations are not covered in this framework as this policy is concerned with a school's obligations to its pupils (mainly present and prospective pupils and where relevant former pupils and staff). Separate policy guidance covering recruitment and employment is available from the school office and the Local Authority.

This Single Equality and Community Cohesion Policy will help the school focus more on the outcomes that matter to pupils, community and people who use their services; and that their services are more accessible and delivered effectively. This policy provides a framework for the school to eliminate prohibited conduct, advance equality of opportunity and foster good relations in a proactive way.

The Single Equality and Community Cohesion Policy is based on the Equality Act 2010.

Much of what is required of school is already being carried out. The main new provisions in the Equality Act 2010 are:

- new disability discrimination provisions (direct disability discrimination, indirect disability discrimination and discrimination arising from disability)
- new protected characteristics
- new positive action provisions

Finally, as schools are already aware, avoiding discrimination and promoting equality supports the agenda of improving attainment and progression for all pupils. Good education and skills are crucial for opening up opportunities and increasing the chance of a successful life. Furthermore, Equality and Community Cohesion is an important part of OFSTED inspections through the Quality of Teaching judgement (Spiritual, Moral, Social & Cultural element) and need to be considered at all times.

Introduction

There were a number of statutory duties that the school was required to meet prior to the Equality Act 2010. As such, with the implementation of this act and the harmonisation of previous legislation, this policy will refer to the Equality Act 2010 and its various provisions as the legislative framework through which this Single Equality and Community Cohesion Policy will operate. In the development of this Single Equality and Community Cohesion Policy, Summerville Primary has moved from a focus on an individual response to an approach that builds on disability, gender, gender reassignment, pregnancy and maternity, race, religion or belief and sexual orientation considerations from the start and at every level of the school, at strategic, policy, management and classroom level. We will demonstrate what we have done and what we plan to do to improve opportunities and outcomes for pupils, staff, parents and other users of the school. This policy will be monitored and delivered through the governors' role, School Improvement and Self Evaluation process.

We will ensure that every pupil irrespective of the protected characteristics is able to achieve high standards and that strategies are in place to tackle under-achievement. We will ensure that every pupil has access to the necessary support required to enable them to achieve their highest potential. We will ensure that the school's procedures for disciplining pupils and managing behaviour are fair, effective and equitable.

Our intention is to ensure that the adults working or volunteering in the school include as much as possible a balanced representation of the local and wider community. We believe that this will provide good role models for pupils from all backgrounds.

This Single Equality and Community Cohesion Policy will be linked to a joint action plan which sets out how we intend to implement the policy over the next three years.

Summerville Primary sees this Single Equality and Community Cohesion Policy as a living document and we will continuously review the action plan in consultation with pupils, staff, parents, carers, governors and all other stakeholders where possible. We believe they need to be involved from the very start and their involvement will inform the preparation, development, publication, review and reporting of the policy and action plan to ensure that we meet the needs of people from different backgrounds. We are committed to:

- eliminating prohibited conduct
- advancing equality of opportunity
- fostering good relations

School Context

We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because of their disability.

This Single Equality and Community Cohesion Policy incorporates our commitment and actions on disability equality. It demonstrates our commitment to addressing disability equality in our decisionmaking and the delivery of education.

We are committed to promoting equality of opportunity for disabled pupils, staff and other users of our services so they can have equal access to all our school and its services. This policy is a statement of our commitment and shows clearly how we will work over the next three years to work towards our goal.

We will continue to review our policies, practices and procedures so that they do not adversely affect anyone because of their disability. By also building this into our curriculum, working and procurement processes we will expect others to do the same.

- Accurate and up to date data on pupils and adults within the school community around disability. Following advice from the Disability Toolkit, use questionnaires listed.
<http://www.education.gov.uk/childrenandyoungpeople/sen/a0065985/disability-toolkit>
- Reviewing marketing and communication to ensure that positive images of disabled people and their abilities are used in our promotional material and publications.
- Any further curriculum based activities to raise awareness and improve understanding of disability issues amongst pupils and staff.
- Involving disabled people in the development of the policy.

We will endeavour to consider all aspects of school life, such as teaching and learning, arrangements to provide information in alternative formats, admissions, trips and visits, participation in extended school activities, lunchtime arrangements and canteen facilities and any accessibility plans to improve physical layout of the building.

We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because of their gender. We recognise that stereotypes exist for both genders and some can lose opportunities because of these stereotypes and welcome the requirements of the Equality Act 2010 with specific provision for Gender Equality and we will give due regard to the need to:

respect. We will not tolerate any form of discrimination, harassment and victimisation directed at anyone because they propose to undergo, are undergoing or have undergone gender reassignment. We understand gender reassignment does not necessarily require a medical process to be undertaken and that a person will be protected because of gender reassignment if they:

- Make their intention known to someone at the school
 - Start to behave or dress according to the gender they identify with
 - Undergo treatment such as surgery or hormone therapy

Our commitment

We are committed to promoting community cohesion as part of the response to the legal duties outlined in previous legislation. Safeguarding & Building Resilience – “Learning together to be safe”

Summerville is fully committed to safeguarding the welfare of all children and young people by taking all reasonable steps to protect them and build resilience in accordance with the DfE guidance – Learning Together to be Safe. This commitment is in line with our school's and Salford's current Safeguarding and Child Protection policies including anti-bullying and safer recruitment policies. We recognise that some young people, who are vulnerable to extreme views, may find it difficult to develop a sense of self-

worth and to view the world in a positive way. We also recognise that their behaviour may be challenging at times, and that some may cause offence or harm to others. We will therefore always take a considered and sensitive approach in order that we can support all of our pupils by:

- providing a safe environment for children and young people to learn and develop in our school setting

We will consult with the local authority where necessary and our Staff and Governors who are responsible for carrying out these assessments have attended relevant training or will be attending future training as part of their role. All policies will be reviewed in line with this policy to ensure that they support the single equality duties. For example:

By implementing the above, we are aiming to:

- account for issues of language and communication, venues and times of meetings when carrying out consultation
